Re. 63.

Letter No: 506, dated the 3rd Feby: 1927 from the District and Sessions Judge, S. & Mo. Station, Bangalore.

Please see Rs. 52 and 53 and the office notes in para 37. The District and Sessions Judge now wants that the question of improvements to the Registrar's Court may be reconsidered and that expenditure of Rs. 216 sanctioned for effecting the necessary improvements.

The question of providing a new building for the Resident's office is still under the consideration of the Resident. If approved the Dist: and Sessions Judge may be informed that the expenditure cannot be sanctioned till that question is settled. Draft submitted for approval.

RESIDENT'S OFFICE
BANGALORE
Letter No. 1077
Date of Receipt 7-2-27
Ex. 114/26

Sir,

I have the honour to forward the accompanying plans for:-

(a) Two new mortuaries to replace unsuitable old ones, which latter would in any case have to come down, to allow of the widening of the street shewn in the plan.

(b) Extension of the Residency Surgeon's Office, which is small, and not sufficiently ventilated. It also is unsuitable for the examination of patients and requires extension according to the plan submitted.

These works are very essential and could be debited against the savings under works.

I have the honour to be
Sir,
Your most obedient servant,

Lt-Col., I.M.S.
Residency Surgeon, Bangalore

The estimate provides for extending the office room of the Residency Surgeon as shown in accompanying plan. Provision is made for lime concrete foundations, stone in clay plinth pointed with chunam, brick in clay superstructure, chunam plaster inside and outside, granite stone slab roof on rolled steel beams 9" 4" with 4" surki concrete 2 courses of flat tiles finished with chunam plaster, white lead painting to window, 1" cement concrete floor over a bed of 3" lime - concrete, white washing outside and inside. An electric light is also provided.

P.S.G. 4-2

EXECUTIVE ENGINEER.

BRIEF REPORT ON ESTIMATE FOR DISMANTLING AND REBUILDING THE EUROPEAN AND INDIAN MORTUARIES IN LADY CURZON AND BOWRING CIVIL HOSPITALS.

The European and Indian mortuaries consist of two rooms each. Each of the former measure 12' x 10' and the latter 12' x 12' and both of them are not only too small but unsuitable as regards light and ventilation. It is proposed to dismantle and reconstruct them according to plan submitted herewith, making each room 18' x 12' and with a sufficient number of doors and windows to ensure proper light and ventilation. It is proposed to site the new buildings a little further south of the present ones as the Municipality propose to widen the main road to the Market, which runs to the north of the buildings, on the Hospital side as shown in accompanying blue print plan.

This estimate provides for dismantling the mortuaries and rebuilding them with lime concrete and stone in clay - foundation, stone in clay plinth lime pointed outside, brick in clay superstructure lime plastered both inside and outside, brick in lime cornice outside, new teakwood shutters 1" thick for the European mortuary and fixing shutters from the old - building in the Indian one, new teakwood glazed and wire gauze shutters to European mortuary and fixing old shutters to - Indian mortuary, new windows with iron bars to European mortuary and old windows ~~old~~ with iron bars to Indian mortuary, granite - stone slab roof carried on rolled steel beams 8" x 4" with 4" surki concrete on top with two courses of flat tiles ~~and~~ - finished with chunam plaster, painting with chocolate paint all doors, windows and ventilators, stone slab lintels and sills over doors and windows, floor with 1" cement concrete over 3" lime concrete and top smoothed with cement, wire netting for the windows in Indian mortuary, fixing two new porcelain sinks in European mortuary and fixing old sinks in Indian mortuary, white and colour washing the buildings, inside and outside 4" stoneware pipe drain with inspection chambers for carrying away the washings from both the mortuaries into the adjacent pipe sewer.

Provision is made in the estimate for the ~~balance~~ value of old materials.

BANGALORE.

SIR,

5.53 IMPROVEMENTS TO REGISTRAR'S COURT. REF: PROCEEDINGS NO. [illegible] OF THE HON'BLE THE RESIDENT IN MYSORE, DATED 1-2-1927.

A new building for the Resident's Office will take some time to come into existence even after it is sanctioned by the Hon'ble the Resident. If the minimum improvements to the Registrar's Court 5.52 which I have detailed in my letter No. 258, dated 22-1-1927 are not sanctioned now, respectable parties, both Indians and Anglo-Indians, who attend that Court on business will be put to considerable incon-venience by exposure to the sun and rain in the outer verandah of the Court, there being practically no space for them to sit inside the small room in which the Court is held. I have the honour to request therefore that the Hon'ble the Resident will be pleased to reconsider the question and sanction an expenditure of Rs 216/- for effecting the necessary improvements to the Registrar's Court out of the allotment/ in the current year's budget under the head " F. 3. Civil & Sessions Court- F. 3 (4) - Contingencies- Other contingent expenditure.

Secy. No. 116/26

To

The Secretary to the Resident in Mysore,

Bangalore.

Sir,

S.38
16 H/25

With reference to the Hon'ble the Resident's order No.846 dated the 26th January 1927, I have the honor to state - that in accordance with clauses 2 & 3 of the order deviations of a minor nature from the sanctioned estimates during execution are not to be made by me; nor are they admitted by the Pay and Account Officer in Audit of bills presented for payment. In some of the estimates submitted for sanction e.g., estimates for extending the Residency Surgeon's Office room and rebuilding the Morturies Etc., sanctioned in order No.1934 dated the 28th February 1927, certain items of work have been omitted as they were prepared in a hurry and as such certain extra works are necessitateed during actual execution. As it is too late now to prepare in such cases revised estimates or deviation statements for sanction by the Hon'ble the Resident, I would request that the Pay and Accounts Officer may be instructed to admit in audit such deviations so long as the total estimates including contingencies are not exceeded. Very early orders are requested as ~~may~~ many bills are awaiting presentation for payment.

S.76

I have the honor to be,

28/3/27

Sir,

With reference to your endorsement No. 2666/114-1926 dated 23-3-1927 forwarding for my remarks letter No. M. 1790 dated 21st March 1927 from the Executive Engineer, Civil & Military Station, I have the honour to invite a reference to para 262 of the Public Works Department Code defining the scope of sanction given to an estimate and laying down that any anticipated or actual savings on a sanctioned estimate should not <u>without special authority</u> be applied to carry out any additional work not contemplated in the original project or fairly contingent on its actual execution. Please also see para 196 of the Public Works Department Code - which prohibits the diversion of the provision for "Contingencies" in an estimate to work not provided for in a sanctioned estimate without competent authority. The Executive Engineer should have obtained the Hon'ble the Resident's permission before additional items of work such as those referred to in his letter were - commenced.

As however the Executive Engineer appears to have carried out the works already & finds it too late to submit deviation statements, I shall pay the bills of the Executive Engineer if the

Hon'ble

Hon'ble the Resident gives me an order as contemplated in para 1 of the Instructions for the Pay and Accounts Office, Bangalore
The Hon'ble the Resident may in due course call upon the Executive Engineer to submit deviation statements for his scrutiny and pass orders thereon as well as the incomplete manner in which the estimates were originally prepared & on the Executive Engineer carrying out work in anticipation of the Resident's sanction.

I have the honour to be,
Sir

Sir,

I have the honor to forward herewith a list of works charged establish-ment entertained by me for execution of Civil Works during the current year. Three wiremen on daily wages of 1-4-0, 1-2-0 and 1/- respectively were transferred from the Garrison Engineer. The services of the wireman on daily wages of Rs.1/- was dispensed with from 1st November 1926 and the work distributed among the remaining two, items 1 and 2 in the list revising the pay of the first from 1-4-0 a day to a consolidated pay of Rs.50/- per mensem. The other maistries were employed on petty supervision over works, and their wages have been met from the provision for contingencies in the estimates. The Pay and Accounts Officer has raised an objection that monthly paid work establishment members cannot be entertained be me without sanction of the Resident as I have not been delegated with code powers and as the provision for contingencies in the estimates hitherto sanctioned is not also mentioned specifically to include such charges. All bills except items 6 to 8 have however been passed for payment and paid and formal sanction is requested to regularize the objection..

I have the honor to be,

Sir,

Your most obedient servant,

EXECUTIVE ENGINEER.

To

The Pay and Accounts Officer,
Bangalore.

Sir,

With reference to your Audit remarks on bill No.51 (Vr 659) returned unpassed, I have the honor to state that the employment of a Maistry is not a help to the Contractor, as the Maistry is intended for subordinate supervision by constantly - remaining at the work spot which the regular officers of the - Department cannot always do. The entertainment of a Maistry in respect of works executed by lump sum contract is not prohibited by rules so far as I know, and I am of opinion that his services are equally necessary in lump sum contract works as in works - executed by other contracts, to watch that materials inferior to those in specification are not used by the contractor. The bill is herewith returned for payment at a very early date.

If, however, you disagree with me please pay the bill provisionally until settlement of the question by reference to higher authorities.

I have the honor to be,

Sir,

Your most obedient servant,

Sd/- W.H.Murphy,

EXECUTIVE ENGINEER.

To

The Secretary to the Resident
in Mysore, B A N G A L O R E.

Sir,

I have the honour to invite a reference to Proceedings No. 2896 dated 29-3-27 conveying the sanction to the entertainment of certain work-charged establishment and to request that formal sanction may be accorded to the entertainment of the maistry entered as No.6 in the Executive Engineer's list. I find I was ~~wrong~~ not quite right in stating in my U.O. reply No.P.W.434 dated 23-3-27 that the entertainment of the maistry was inadmissible as the work of constructing quarters for the Assistant masters of the Government Elementary School in the Indian Institute of Science was given out on lumpsum contract. It is understood from the Municipal Executive Engineer that the maistry was entertained to watch the interests of Government. His pay is therefore a legitimate charge against Government.

I have the honour to be,
Sir
Your most obedient Servant

Pay and Account Officer
BANGALORE.
